## Carita™

ANGELONIA

deep pink

purple

raspberry

white

**C**arita™ Angelonia is an F1 hybrid and was bred for basal branching and uniformity among the colours. It is suitable for production in 100mm pots and larger. Carita is a strong garden performer throughout the season and the sturdy plants will not lodge in the landscape. Carita adds height and texture to the garden and is ideal for landscapers, as well as home gardeners.

Flower Type: single  
 Flower Time: medium  
 Leaf Zone: mid green  
 Heat Tolerance: very good  
 Vigour: medium  
 Habit: upright  
 Light Exposure: full sun

Garden Height: 45-60cm
