

Angelonia Carita™ Cascade is an F1 hybrid. This series has more semi trailing growth than the regular angelonia. Carita Cascade has excellent heat tolerance. It provides continuous flowering throughout the season and works well in hanging baskets.

Flower Type: single
 Flower Time: medium
 Leaf Zone: mid green
 Heat Tolerance: very good
 Vigour: medium
 Habit: trailing
 Light Exposure: full sun
 Garden Height: 35-45cm
 Garden Width: 56-61cm

Scheduling

Rooted to 10cm finish: 8-9 weeks
 Rooted to 15cm finish: 9-10 weeks

For cultural information see page 52.

- Great for hanging baskets or mixed containers.

Notes:

Carita™ Cascade Deep Pink is the only pink cascading angelonia on the market. It has a faded pink colour that will show up throughout the season.
