

**R**io™ can be multi-planted in large containers for instant colour. They should not require staking during production. Outside they are superb for patio containers and combination plantings and have exceptional heat tolerance. They are best grown outside in partial shade to full sun exposures. Compact plants with beautiful, 8cm trumpet-shaped blooms. Flowers all summer long; great in hot, humid climates.

Flower Type: single

Flower Time: early / Hot Pink - very early

Leaf Zone: dark green

Heat Tolerance: hot 25-30°C
