

G rasses Foliage & Form

SPIRO

spiro

Spiro fast growing, upright twisted leaves make this a fun pot plant. A unique "thriller" or "filler" in combination containers.

Leaf Zone: dark green, twisted

Light Exposure: full sun

Garden Height: 50cm

Garden Width: 35-40cm

Combo Plant Use

FILLER
THRILLER

This ancient ornamental plant creates possibilities to add both visual and textural form to containers and hanging baskets. When pinched to promote branching, Cascade intertwines with other "filler" plants.

Gold & White

Heat Tolerance: very good

Vigour: medium

Habit: trailing

Light Exposure: full sun-partial shade

Garden Height: 15cm

Garden Width: creeping

Scheduling Gold & White
