

geranium Eclipse®

GERANIUM - ZONAL

Distinguished by dark foliage, Eclipse® Geraniums have a compact, upright habit. Our unique colours, Rose Splash, Light Salmon, White Splash and Violet contrast nicely with beautiful deep green foliage. Versatile and easy to grow, Eclipse® Geraniums can be grown at higher densities and have a good retail shelf life.

Garden Height: 30-35 m
Garden Width: 30-35cm
Light Exposure: full sun
