

**S**ilhouette™ Impatiens are covered with large, fluffy flowers set against rich, deep green foliage (dark foliage means better sun tolerance). What's more, Silhouette™ Impatiens have been bred for better greenhouse performance – they're compact, early to flower and feature tremendous basal-branching. Growers can count on Silhouette™ to be no-hassle!

Flower Type: double

Flower Time: early-medium, @ = early

Leaf Zone: dark green

Heat Tolerance: moderate 20-25°C

Vigour: medium, # = compact-medium, % = medium-vigorous

Habit: mounding

Light Exposure: partial shade

Garden Height: 25-35cm

Garden Width: 25-35cm
